

**Go Like the Wind Montessori School**  
Our EDUCARE program is more than day care,  
it is an enrichment program providing care for  
Preschool through 6th grade

#### **Enrich, Educate and Entertain**

Our morning care takes place in the gym or on the playground to give students the opportunity for gross motor exploration and freeplay before their school day begins.

We plan creative activities based on seasons, holidays, and other general topics of interest to ensure kids remain engaged and active in a relaxed, fun-filled classroom after school. For the times we have a week or more of EduCare, students enjoy additional projects and special events to add enrichment to their school breaks.

#### **Montessori-inspired, Play-based curriculum**

We will have planned lessons and activities for the students, but this will be available with an open-choice format congruent with the Montessori philosophy. This encourages self-regulation and empowers good decision making! Students will be together in a mixed age groupings, similar to the Montessori classrooms.

#### **Positive Peer Relationships**

We aim to build on the Grace and Courtesy of the Montessori program by promoting peer problem solving through active listening, discussions, and mediation.

**Weather permitting, we will spend time outside on the playground. If not, we make sure the students get time to move their bodies in our well-equipped gym.**

We will have space and time for the students to have snacks from home.
